Some of your favorite college memories will be made outside of the classroom. We make it easy to connect with the NSU community – where you'll build relationships that will last a lifetime.

FIND YOUR FOOTING

SOAR (Student Orientation, Advising and Registration) is our official student orientation day for freshmen. On this day, you will register for your classes and receive your student ID.

Summer Bridge is a one-week program that helps you hone your math, reading and writing skills so you can be most successful in your academic journey. During the program, you will also learn about tutoring, group mentoring and personal development workshops, as well as connect with on-campus resources.

Rookie Bridge Camp is a two-day, adventure-packed camp that prepares you for the transition to NSU by showing you the ropes, answering any questions you may have and helping you build lifelong friendships.

Welcome Week will help prepare you to be successful in and out of the classroom. Welcome Week is part of your University Strategies class and is the week prior to classes.

MEET JUSTIN PITTMAN

MAJOR: Psychology

HOMETOWN: Tulsa, OK

Coming to college as a first-generation college student was honestly one of the most nerve-racking things that I have done in my life. The feeling of fear and uncertainty was gone quite quickly because of the welcoming and caring atmosphere of NSU. Through this experience and community, I was able to find my home within NSU in the fraternity known as Pi Kappa Alpha. Through both this fraternity's brotherhood and the NSU community, I was able to feel much more comfortable with the thought of being a college student away from my home and family. Through the community of NSU, I was able to grow my experience, knowledge and overall confidence in becoming the student and person that I wished to be. I have grown exponentially, both academically and personally and I know that I am more than grateful for the communities that I was introduced to here. Without them and my time at NSU, I feel that I would not be the person that I am today and would not have been able to create the future I now see for myself.

PURSuing ACADEMIC EXCELLENCE

We offer academics focused on workforce readiness, as well as hands-on, immersive learning experiences ranging from robotics to reading labs.

MEET JADA BRAY

MAJOR: Health & Human Performance/Nursing Focus

HOMETOWN: Stigler, OK

NSU has shaped me in so many ways. I was super excited to graduate high school and come to college and find out what college had to offer me and also challenge me. Coming into college I was very timid and very self-conscious. NSU truly allowed me to have so many opportunities to face my fears and rise above them. Not only has NSU made me a better student, but also a better friend and leader. The faculty and staff here truly make you feel seen and heard. I have also made so many friends and connections throughout my two years here that I know will last a lifetime. Reflecting on these past two years is bittersweet. As I go into my last year this upcoming fall and as my undergraduate career comes to an end a year shorter than expected, I can't wait to make it the best year yet. NSU has shaped me into a better person and challenged me in ways I would have never imagined. It truly is the place to be if you want to exceed your expectations and grow in the best way possible.
